INTRODUCES
MOONDOGE_AI**

MOONDOGE AI- ENJOY THE PERKS OF MEME AND ARTIFICIAL INTELLIGENCE.

The newest memecoin, MoonDogeAI (\$MDOGE), combines the ability of memes to spread virally with state-of-the-art blockchain-based AI-powered trading algorithms.

MoonDoge AI will reshape the memecoin space by integrating AI-powered trading bots to offer tangible value, while maintaining the viral appeal of meme culture. Our mission is to foster a vibrant, engaged community where users can enjoy memes, earn from our blackbox AI trading algorithms, and earn rewards through our ecosystem.

UTILITIES AND FEATURES

MOONDOGE is a mission-driven cryptocurrency project that combines the perks of meme and AI. What makes moondoge unique is its commitment to making an immediate impact. Amidst this surge, the moondoge AI emerges, not just as another meme coin, but as a symbol of innovation and advancement in the digital trading universe. •So, Welcome to the world of \$MDOGE — “The Rise of Memes” – an innovative and exiting digital asset Inspired by the charismatic and charming raccoon, this token is made for those who are ready to take on the challenge, take risks, and reach the top.

Moondogeai gives power and control back to crypto lovers. Crypto enthusiasts are becoming more and more captivated by memes, causing more and more attention to be drawn to memecoins. moondogeai is a solution that satisfies all parties. Thanks to capabilities and blockchain, we have developed smart contracts that attract everyone, and also allow Web3 enthusiasts to automatically benefit from our unique referral program even during the MDOGEAI presale (see more in our whitepaper on the "Bonus & Referral Program" page). As a result, revenue streams function properly and meet the needs of everyone, especially early members of our community.

AUTO AI BOT:

The creation of an AI bot, that interacts with the human interface, on twitter and telegram, our moondoge automated AI bot responds, makes a post every hour, interacts with community, and replies when tagged.

MOONSWAP:

Our Own Exchange: Offering 24-hour insurance for coins, approved and active on our platform. *24-Hour Complimentary Claims are eligible only in case of a Rugpull or depreciation of the specific token, subject to meeting our T&C and satisfying our underwriting criteria.

MOONAI: Integration Our AI trading algorithms are at the heart of MOONDOGE AI, and engineered by a team of elite analysts and seasoned Wall Street trading veterans with years of experience in the financial markets and algorithmic trading. The team has meticulously crafted our strategies that react to market trends in real-time, and execute trades to generate optimal yield.

MOONDOGEAI Airdrop

Early players will have the **exclusive opportunity** to receive MDOGE through our **MDOGE Airdrop**. These tokens are directly tied to our **revenue-sharing model**, allowing MEMBERS to earn from ads and games across the Moondoge ai ecosystem. This airdrop isn't just a reward—it's a way to involve our earliest community members in the ecosystem's growth, giving them access to meaningful rewards as we expand. Only those who were part of moondoge early stages will be eligible for this special distribution.

Getting in early truly means getting in early.

Security compliance: The project undergoes regular audits by reputable firms to maintain the integrity of its operations. This is why we have audited our project with a leading Blockchain Auditing Firm.

The contract address will be deployed on both the eth and solana contract

Data Protection: All data, including user information and trading data, is encrypted using the safest cryptographic techniques.

TOKEN INFORMATION AND TOKENOMICS

The fundamental information of \$MDOGE is as follows:

- Token Name: MOONDOGE AI
- Token Symbol: \$MDOGE
- Token Decimals: 18 decimals
- Total supply: 1,000,000,000
- NETWORK: SOLANA

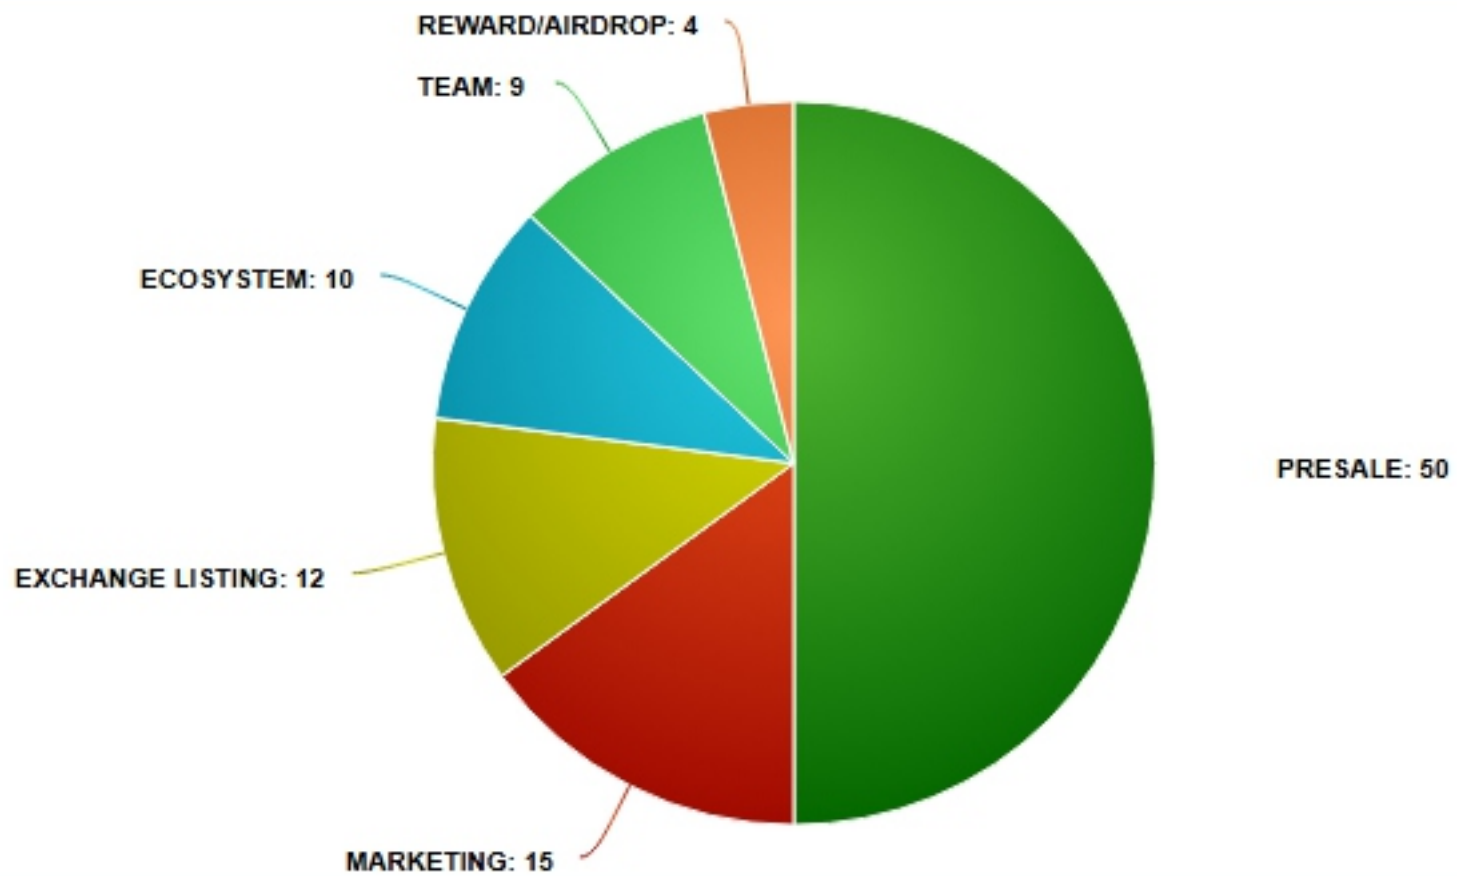

This where we delve into our Tokenomic split and transparently explain the reasons for allocation and the plans for each section.

The MOONDOGEAI TOKEN, \$MDOGE has a limited supply of 1 billion (1000000000) tokens and cannot be increased.

Below is a breakdown of how the tokens will be distributed during and after the presale.

ALLOCATION	%	TOKENS
PRESALE	50	500,000,000
MARKETING	15	150,000,000
EXCHANGE LISTING	12	120,000,000
ECOSYSTEM	10	100,000,000
